I have reviewed the organisation's rules and the members' codes of conduct. I accept them and hereby submit my application to become a member of LPAP.

I am enclosing a brief CV detailing my engagement and experience in public affairs.

Membership to LPAP is open to:

a) Cypriot or European citizens, including legal entities, who reside and have scientific or other expertise in Public Affairs management - lobbying, have a minimum of two years of experience in lobbying and public affairs management, subject to the discretion of the Board of Directors.

b) Legal entities, public, semi-governmental, or private organisations, including chambers of commerce, associations, and unions, domiciled in Cyprus, of which at least 5% of their professional activities or those of their members are related to lobbying and public affairs.

c) Any other individual who, by unanimous decision of all members of the Board of Directors, despite not fully meeting the criteria outlined in subparagraphs (a) and (b) above, has such a relationship, experience, or training in public relations or lobbying as to render their registration as a regular member desirable and beneficial for the Company.

The right of admission to Membership is vested to the Board of Directors with residual powers to the General Meeting to re-examine and finally decide, upon application of an existing member, on the registration of a candidate who has been rejected by the Board of Directors. Upon approval of membership an fee of €100 is payable. Payments will then follow on an annual basis (€50) and can be made via bank wire transfer to the Forum's bank account, via cash or check.
